A world of her own.

YEVEH is an award-winning, Germany-based electronic music artist, vocalist and performer with West African roots.

Her music brings Afro House, Afrotech, organic percussion and contemporary electronic textures into dialogue with a distinctive, expressive voice. Physical yet emotional, hypnotic yet uplifting, her sound connects cultural memory with contemporary club culture.

Previously performing as Donia Touglo and HIHEME, she received the popNRW Award for Best Newcomer in 2021. Years of professional live experience across European festivals and interdisciplinary cultural programmes shape this new artistic chapter.

Her artistic universe extends into sculptural imagery, visual storytelling and performance. Sound, image and movement become different expressions of one artistic identity.
